### **Course Requirements & Expectations**

#### **School Based Hours (SBH) or Field Experience Hours (FEH) Course Requirements**

This course requires 0 hours of observation/participation in an appropriate setting as approved by the Office of School Partnerships.

### **UCC Assignments**

Teacher candidates must demonstrate Uniform Core Curriculum (UCC) competencies and earn a 2 or higher for each indicator on all UCC assignments [FEAP, ESOL, FSAC, Reading Competencies (RC), Other Elements and Florida State Standards (FSS)] in order to successfully pass the course. Educational Studies students must earn a 2 or higher on each indicator on all PLO assignments.

If the teacher candidate has not successfully demonstrated the UCC competency as stated above, he/she may have an opportunity (within the term) to work with the instructor to improve the understanding of the concept. The assignment must then be corrected and resubmitted, and will not receive a grade higher than a C. In the event of cheating or plagiarizing, see BOT Rule 6Hx23-4.72 for consequences.

### **For courses with lesson planning**

Adapting or modifying a lesson plan from an existing source (i.e., the internet) does not mean “copy and paste.” It means that, if you use someone else’s intellectual property for this purpose, you may read through the given source for ideas, but then rethink and rewrite the idea in your own words with your own modifications to meet the needs of the assignment. Anything adapted or used verbatim must be cited with credit given to the author(s). This includes specific citations on all supplementary materials (i.e., assignment sheets, graphic organizers, checklists) that are not originally your work. This applies to all COE lesson plans unless the instructor directly specifies otherwise.

### **[SPC College of Education Syllabus Addendum](#)**

Each student must read all topics within this syllabus and the content of the links. If the student needs clarification on any items in the syllabus or linked statements, he/she should contact the course instructor. If you remain enrolled after the drop date this signifies that you agree to abide fully by the parameters set in this syllabus and any syllabus addendum.

### **Uniform Core Curriculum / Program Learning Objectives Assignments**

#### **[UCC Tables for Active Courses.xlsx](#)**

This course offers opportunities for students to engage with the following Universal Design for Learning (UDL) General Understandings and Essential Components (1.0s and 2.0s).

## **SPC Policy: Attendance/Participation/Withdrawal**

Withdrawing from a course with a “W” or “WF” may impact students’ academic standing and financial aid eligibility including placing the student in early repayment. It is the student’s responsibility to understand the consequences of withdrawing.

**Attendance**

College policy requires students to attend class prior to the published deadline to drop with a refund. The instructor is required to report non-attendance and the student will be dropped after the first week of classes.

If you don't attend during the first week of the term, you will be automatically dropped, and the class removed from your schedule. If you receive financial aid, your award amount may be adjusted if the drop changes your enrollment status (e.g. full-time to part-time).

It is the student's responsibility to know the attendance policy of the class in which they are enrolled.

- Depending on the modality of the course, attendance may be online, LIVE Online, blended, or on-campus.
- For LIVE Online classes, attendance will be taken online during the normal class meeting time/days.
- Students who are feeling ill for any reason should communicate in a timely manner with their instructor regarding attending online instead of on-campus, and/or the responsibility of excused absences. Students are also responsible to discuss completing any missed work with the instructor.

**Participation**

College policy require the instructor to report any student who is not actively participating at the 60% point of a class. The instructor will report the student by the end of the week immediately following the 60% point of the class and the student will be withdrawn from the course and assigned a "W" grade. It is the student's responsibility to understand the instructor's requirements for 'active participation.

**Student Withdrawals**

You may drop a course through the [Drop with Refund](#) date listed on your Fee Schedule and be eligible for a refund, although withdrawing may affect your financial aid. If you withdraw prior to

completing 60% of a class and receive any form of federal financial aid (grants or loans) you will be required to repay a portion. If you are thinking of withdrawing, please speak with your instructor, an [Academic Advisor](#) or a [financial aid counselor](#).

Withdraw requests submitted after the last date to withdraw with a "W" (see academic calendar) will result in a "WF". Students and instructors will automatically receive an email notification through their SPC email address whenever a withdrawal occurs. Students should consult with an academic advisor or financial assistance counselor prior to withdrawing from a class.

Students who wish to withdraw completely from SPC are not able to totally withdraw from all classes through MySPC. A student must contact an Academic Advisor to totally withdraw.

## **SPC Policy: Academic Honesty**

---

## **Generative AI Not Permitted**

---

The best-known example of Generative AI (Artificial Intelligence) is ChatGPT, a chatbot that allows you to type a question as if you were talking to a real person, and it quickly offers a seemingly meaningful, original answer. Tools like this are powerful and can be useful in many contexts, but you must be aware of their limitations, as they can produce inaccurate, fabricated, and even offensive content. In addition, the work produced is not technically your own. In order to avoid violating [SPC's academic integrity policy](#), students must be sure to follow the course's policies regarding the use of artificial intelligence in academic work. The AI policies for this class are outlined below.

You are strictly prohibited from using use Generative AI (Artificial Intelligence), including ChatGPT and similar AI tools, in this course. The work produced by AI writing tools is not your own original work and is therefore unacceptable for the assignments in this course. If you cite AI-generated content, the work will be considered incomplete and receive a zero. If you do not cite, the work will be considered plagiarism and receive a zero. If you have any questions about this, please reach out to me.

## **Respondus LockDown Browser Proctored Testing Information**

---

### **Proctored Testing Requirement**

This course requires one or more of your quizzes/exams in the Learning Management System (LMS) to be virtually proctored. Proctoring will be conducted using an online proctoring service called LockDown Browser & Respondus Monitor. You DO NOT need to create an account or schedule an appointment. Your quizzes will be accessible on the dates your instructor has set for you to take them. To take a LockDown Browser & Respondus Monitor quiz, you will need the following: a computer, a working webcam/microphone, your ID, and a stable internet connection. Check out [LockDown Browser & Respondus Monitor Support for Test-Takers](#) to learn more or for technical assistance.

### **Room Scan & ID Information**

To uphold academic integrity and ensure a fair testing environment for all students, you will be asked to conduct a room scan and show a valid, official ID prior to beginning your examination. Please be aware that this process involves your webcam recording and inspecting your physical testing environment. This includes the surface of your desk, any surrounding walls, and the area under your desk. By participating in this course and its assessments, you acknowledge and consent to these conditions.

Your official ID should include your name, photo, and signature for identity verification purposes. Acceptable forms of ID include a university ID, driver's license, passport, or other government-issued identification. No examination will be permitted to start without a proper ID check.

### **What is my responsibility?**

For courses that utilize LockDown Browser & Respondus Monitor, students are required to have a Windows, Mac computer, iPad, or Chromebook, a Web Cam, and download the LockDown Browser. You will be prompted to download the Lockdown Browser when launching the quiz.

For students who don't have access to technical equipment and need to borrow a computer check out the [Respondus Laptop Lending Process](#).

## **Code of Conduct**

---

### **Code of Conduct**

The behavior of all students in class should reflect a professional, respectful, and compassionate environment. Inappropriate or inconsiderate behavior will result in consequences. Students must be thoughtful of their comments, actions, and decisions, considering how these impact classmates and instructors.

## **Online Student Participation and Conduct Guidelines**

The practices of courtesy and respect that apply in the on-campus classroom also apply online. Any discriminatory, derogatory, or inappropriate comments are unacceptable and subject to the same disciplinary action applied in courses offered on campus.

### **Netiquette**

Whether you are in an online class or a physical classroom, certain behaviors are expected when you communicate with your peers and your instructors. You need to contribute to a positive learning/teaching environment, respecting the rights of others and their opportunity to learn. No one has the right to interfere with the teaching/learning process. Below are the traits of a successful student. These guidelines pertain whether your course is online or in the classroom. When communicating, you should always:

- Treat everyone with respect in every communication
- Use your professor's proper title: Dr. or Prof., or if you are in doubt use Mr. or Ms.
- Use clear and concise language
- Remember that college level communication should use correct grammar, whether written or spoken. Avoid slang.
- Use correct spelling and avoid texting abbreviations
- Avoid using the caps lock feature as it can be interpreted as yelling online
- Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and, even when spoken, your message might be misunderstood
- Be cautious with personal information (both yours and others')

**When you send an email to your instructor, department chair, dean, or classmates, you should:**

- Use a subject line that describes what you are writing about
- Avoid attachments unless you are sure your recipients can open them

- Be clear, concise, and courteous
- Sign your message with your name
- Use your SPC email account to ensure delivery. Sometime emails from non-SPC accounts are stopped by the spam filter and the recipient may not receive it.

**When posting to a discussion board, you should:**

- Write posts that are on-topic and within the scope of the course material
- Take your posts seriously; review and edit your posts before sending
- Be as brief as possible while still making a thorough comment
- Always give proper credit when referencing or quoting another source
- Read all messages in a thread before replying
- Avoid repeating someone else's post without adding something of your own to it
- Avoid short, generic replies such as, "I agree." You should include why you agree or add to the previous point
- Always be respectful of others' opinions, even when they differ from your own
- Express any differing opinions in a respectful, non-critical way
- Not make personal or insulting remarks
- Be open-minded

**Recordings in the classroom**

Students may record lecturers in class for personal use (such as studying or documenting complaints to the institution) without explicit permission. However, students may not record non-lecture portions of class (such as skills labs, student group work, individual student instruction, Q/A sessions, recording studio critiques, group/individual production and computer lab time, practicums/internships, or clinical/simulation rotations) or other students without explicit permission, and may not disrupt class in making such recordings (such as trying to use a device with a calculator or calculator app in a class that does not allow calculators, or blocking the view or aisles for others in the class).

Having an approved ADA accommodation is considered explicit permission to record from the college.

Students making such recordings may not share recordings without explicit permission and are personally liable for unauthorized dissemination. If in doubt, please discuss with your professor before class.

The instructor has the authority to ask a disruptive student to leave a classroom or lab. The instructor may also delete posts or materials from an online or blended class and/or take disciplinary action if disruptive behavior continues. This ensures that all students in the class have an opportunity to learn.

For additional information, review the [SPC Expectations for Student Conduct](#), [Online Student Participation and Conduct Guidelines](#), and the [SPC Netiquette Policy](#). Please strive to uphold these standards to ensure a positive and productive learning environment.

## **Auditing a Class**

---

Auditing a course allows a student to take a class without benefit of a grade or credit for the course. Students do not have to seek special permission to audit a course, but they do need to communicate to their instructor they are auditing. If an auditing student has something specific they are hoping to get from the course, they should discuss that with the faculty member during the first week of classes.

**Once registered as an audit student, one may not change from credit to audit or from audit to credit after the drop/add period.** However, under certain circumstances, a student may appeal to the appropriate Dean and request a change from audit to credit status after the registration period has expired, but have 60 days into the subsequent term to appeal the status change. The Dean will verify with the instructor that the student

completed all of the requirements for credit in the course. The Dean's decision is the final decision.

Audit students are required to meet course prerequisites including appropriate scores on the St. Petersburg College Placement Test unless such requirements are waived by obtaining permission through the Dean.

**Please note: Not all courses are eligible for auditing.**

## **Student Survey of Instruction**

---

The Student Survey of Instruction is administered in courses each semester. It is designed to improve the quality of instruction at St. Petersburg College. All student responses are confidential and anonymous and will be used solely for the purpose of performance improvement.

## **Title IX**

---

At St. Petersburg College, our faculty are dedicated to fostering a secure and open environment conducive to learning for all students. Title IX prohibits gender discrimination, including sexual harassment, domestic and dating violence, sexual assault, and stalking. If you, or someone you are aware of, has experienced sexual harassment or sexual violence, or any form of sexual misconduct, which includes incidents like sexual assault, relationship violence, or stalking, please know that there are avenues for help and support.

We strongly encourage every member of our college community to be proactive, seek assistance, and report occurrences of sexual misconduct to the Title IX Office. It's important to be aware that under Title IX regulations, faculty members are obligated to report such incidents to the Title IX Office. However, if you prefer to have a conversation

with someone who is not required to report, you can consult the [SPC's Counseling Services](#).

St. Petersburg College urges everyone in our community to step forward, seek support, and report any incidents of sexual harassment or gender-based discrimination to the St. Petersburg College Title IX Office. They can be reached via email at [SPCTitleIX@spcollege.edu](mailto:SPCTitleIX@spcollege.edu) or by phone at 727-341-3261. Remember, these resources are here for your support and well-being.

## **Equal Access**

---

St. Petersburg College affirms its equal opportunity policy in accordance with the provisions of the Florida Educational Equity Act and all other relevant state and federal laws, rules and regulations. The College will not discriminate on the basis of race, color, ethnicity, religion, sex, age, national origin, marital status, pregnancy, sexual orientation, gender identity, genetic information, or against any qualified individual with disabilities in its employment practices or in the admission and treatment of students. Recognizing that sexual harassment constitutes discrimination on the basis of sex and violates this Rule, the College will not tolerate such conduct. Should you experience such behavior, please contact the Equal Access/Equal Opportunity Office at 727-341-3261; by mail at P.O. Box 13489, St. Petersburg, FL 33733-3489; or by email at [eaao\\_director@spcollege.edu](mailto:eaao_director@spcollege.edu).

## **Accessibility Statement**

---

St. Petersburg College recognizes the importance of equal access for all students. Accessibility Services (AS) is the campus office that supports students with disabilities to approve and coordinate reasonable accommodations. Students who have, or think they may have, a disability (e.g., learning disability, ADD/ADHD, psychiatric, medical/orthopedic, vision, and/or hearing) are invited to contact their AS campus coordinator ([Accessibility Services Contacts](#)) for a confidential discussion. If an accommodation is deemed to potentially alter the nature of the course, it will require a decision by a committee. Therefore, ample time must be provided to evaluate and process such requests. Students who are currently registered with AS are encouraged to request accommodations early in the semester by logging into their AIMS account.

Additional information is available at the college-wide Accessibility Services website [www.spcollege.edu/accessibility](http://www.spcollege.edu/accessibility).

## **Safety and Security**

---

We want to make sure that you are comfortable on campus and feel secure in your learning environment. The SPC campuses are very safe but you should be aware of your surroundings, just as you are anytime you are in a public space. In each classroom there is an Emergency Response Guide to help you during an emergency. It is also a good idea to be familiar with evacuation routes in buildings that you use frequently. **If you have an emergency, dial 911 immediately.** For information on campus safety and security policies, please call 727-791-2560. More information is also available on the [Campus Safety website](#).

The college website ([spcollege.edu](http://spcollege.edu)) is the best source of information in the event of an emergency. It's possible for something like a hurricane to disrupt classes on campus; if this happens there are plans on how to help you continue your education. You should be comfortable using the Learning Management System (LMS), as it will be key in communicating with faculty about course materials and assignments. Make sure you are familiar with sending and receiving emails, participating in discussion posts, navigating through course materials, and submitting assignments in the LMS. It is important to be able to use the LMS for learning activities if your campus is closed.

Federal and state law requires a person designated as a "sexual predator or offender" to register with the Florida Department of Law Enforcement (FDLE). The FDLE is then required to notify the college if the person attends, or is employed, by a college or university. You can find out more information by calling the FDLE hotline (1-888-FL-PREDATOR) or by visiting [offender.fdle.state.fl.us/offender](http://offender.fdle.state.fl.us/offender). A list of sexual offenders or predators registered for classes at SPC is also available.

## **Titans Care (Student Assistance Program)**

---

As an SPC student it's vital that you know Titans Care. You can access resources through [SPC's Student Assistance Program \(SAP\)](#), a collaborative resource for students with mental health or general life issues. SAP provides help and education in suicide prevention, mental health, substance abuse awareness and more. It is SPC's belief that supporting mental wellness is everyone's charge and that one loss as a result of substance abuse, mental illness, or suicide is one too many. If you or a loved one are considering suicide, please call the National Suicide Prevention Lifeline at 1-800-273-8255.

## **Student Concerns**

---

St. Petersburg College wants to make sure that you are able to receive prompt and fair resolutions to any concerns that you might have. If you feel that you have had a bad experience with a college employee, or you have a concern about college facilities, please bring it to our attention. Begin by speaking directly to the person responsible for the department; direct conflict resolution is an important skill to develop and usually brings about the best results. If you aren't satisfied with the outcome, or are not comfortable approaching the person directly, you may submit the information using an online form: [web.spcollege.edu/survey/13002](http://web.spcollege.edu/survey/13002)

If you're not able to submit the form online yourself, feel free to ask a college employee to submit the form on your behalf.

## **Licensure for Non-FL Residents**

---

St. Petersburg College is approved to offer online and in-person academic programs outside of the state of Florida through its participation in the National Council for State Authorization Reciprocity Agreement (NC-SARA). [NC-SARA](#) is a voluntary, regional approach to state oversight of postsecondary distance education. Institutions that are a member of NC-SARA are authorized to provide online education to students from all SARA states.

St. Petersburg College offers various programs designed to prepare students to sit for licensure in Florida. Licensure in other states may vary. Non-Florida residents should contact the licensing agency in the state they hope to be licensed in to determine whether or not the SPC program will fulfill these requirements, or the academic program of interest who can provide you with the agency's contact information. SPC is unable to determine whether programs meet all requirements in any other states besides Florida.

Any student who feels that a person, institution, state, agency, or other organization or entity operating under the provisions of the SARA Policy Manual has violated the policies set forth in the SARA Policy Manual or of laws, standards or regulations incorporated in the SARA Policy Manual should file a complaint using the [College's Complaint Process](#). If the outcome of the College's Complaint Process does not satisfy your need, then within two years of the incident about which the complaint is made, you can appeal the decision through the [Florida State Authorization Reciprocity Agreement](#) (FL-SARA).

## **SPC Vaccination Policy**

---

SPC is concerned about the health and well-being of all students. We encourage all students to remain current on vaccinations as suggested by appropriate health authorities. SPC does not require vaccinations for general admissions to our degree or certificate programs, with some exceptions for specific programs.

## **Instructional Continuity During Emergencies**

---

The St. Petersburg College website at [www.spcollege.edu](http://www.spcollege.edu) is the official source of college information regarding the status of the institution. Other important information will be communicated via SPC Alert, local media outlets, and the college toll-free phone number 866-822-3978. All decisions concerning the discontinuation of college functions, cancellation of classes, or cessation of operations rest with the President or his/her designee. The College realizes that it is possible for a significant natural disaster to compromise SPC campus facilities sufficiently to disrupt the delivery of classes on campus/campuses for an extended period and is planning ways our operations can continue following such an emergency.

So, if a hurricane or other natural disaster causes significant damage to St. Petersburg College facilities, please visit the college website for an announcement of the College's plan to resume operations.

Further, in the event of such a disaster, the Instructor will continue using the Learning Management System (LMS) for continuation of all required learning and instructional activities in this course, including the issuing of graded online assignments and expectation of student completion of those graded assignments.

Therefore, to keep up with all activities in this course during and after a natural disaster, please plan to continue this course by maintaining online access to the LMS (possibly through duration of the course's regularly scheduled end date). We will finish this course in the LMS, as directed by your Instructor online, and your Instructor will use all graded assignments to assess and issue your final letter grade for this course, as normally planned, despite occurrence of the natural disaster.

For all current updates on pandemic conditions or other events, please visit SPC Updates at <https://www.spcollege.edu/spc-updates>

## **Terms of Instruction**

---

Please note this syllabus is an instructional guide and that the instructor/professor reserves the right to make any changes to it, as needed. This includes changes to the course schedule and assignments, etc., throughout the term. If changes occur, you will be notified as soon as possible via email and/or an announcement in the Learning Management System (LMS). Changes may be necessary for various reasons, including instructor illness, students' progress, weather events, institutional needs, etc. Please approach any changes with flexibility and understanding.
