Optional Materials (Text-Neutral Course)

There is no required text for this course. This course is designed to meet the needs of a variety of learning styles and affordability options. The clear objectives for each module allow students to succeed using several different resources of their choice. Please watch the Personalized Learning Video, located in the “start here module”, for more details.

For students who prefer a text, we recommend the following.

Course Description & Goals

Music Theory III is designed as a continuation of Music Theory II, with emphasis on expansion of the harmonic vocabulary. The student will learn how color is added to compositions with chromatic resources ranging from modulation to extended chords, modal mixture, and altered chords. Musical form and interpretation are also considered.

The goal of music theory, along with its counterpart aural theory, is to improve literacy and accuracy with music and to help students develop a better understanding and comprehension of music in an academic context. These courses are essential to the development of the conscious, active listening musician, and for all areas of musical study, whether a student chooses classical music or pop/contemporary music for their medium.

Online Learning

You have chosen to take Online Music Theory. This is a convenient option for students, yet it is a challenging, intensive course that requires a high level of independence, practice and self-motivation. It is pertinent that you keep up with your weekly assignments and quizzes and submit these on time, in order to avoid getting behind in work, as late work will not be accepted. You will also want to spend time listening to the musical examples provided, and reflecting on how you can apply the skills you are learning to your own musical experiences outside of this course.

Prerequisites/Co-requisites

Prerequisite: MUT 1112 (Music Theory 2), passed with a grade of C or higher.
Corequisite: MUT 2246. Music Theory 3 and Aural Theory 3 (MUT 2246) are corequisites, where the same level of each must be taken simultaneously by students seeking a music degree. Students who are not seeking a music degree, but who are looking to take classes for enrichment purposes only, may choose to take one course, depending on their specific needs and goals.

**Student Conduct and Academic Honesty**

"Students enrolled at St. Petersburg College are expected to conduct themselves in a manner which will reflect credit to the college, the community, and to themselves. Each student, by registering, assumes the responsibility to become familiar with and to abide by the general regulations and rules of conduct listed in this rule.” - St. Petersburg College Handbook

Cheating, plagiarism, bribery, misrepresentation, conspiracy and fabrication are definite in Rul 6Hx23 -4.461, Student Affairs: Academic Honesty Guidelines, Classroom behavior. All outside sources of material used in student assignments must be properly referenced. If the instructors have reason to believe that a student is cheating or being academically dishonest in any way, proceedings may be instituted to have the student dismissed from the class, program, and/or the college. It is a given that anyone who cheats will fail the class. Please read the Online Student Conduct page which includes the St. Petersburg College Academic Honesty policy and some tips for success in online learning.

**Syllabus Addendum**

In the event that topics listed in this addendum also appear in your syllabus, please note that you should rely on the addendum information as this information is the most current.

**IMPORTANT COLLEGE POLICY REGARDING COURSE DROP ADD PERIOD AND AUDIT INFORMATION**

Students CANNOT add a course following the first day the class meets. Students CAN drop a course during the first week of class and be eligible for a refund. (See a counselor/advisor to finalize your schedule, so you won’t be left without the classes you want or need). Students may not change from credit to audit status after the end of the first week of classes.
GRADING AND REPEAT COURSE POLICIES

State policy specifies that students may not repeat a college credit course for which a grade of “C” or higher has been earned except by appeal to the campus Academic Appeals committee. Students may repeat a college credit course one time without penalty. At the third attempt, students will pay the full cost of instruction.

In addition, at the third attempt students may NOT receive a grade of “I,” “W,” or “X,” but must receive the letter grade earned. This grade will be averaged into the overall grade point average.

ATTENDANCE/ACTIVE PARTICIPATION/WITHDRAWAL POLICIES

Each instructor must exercise professional judgment to determine if a student is actively participating in class. Faculty will publish their own personal participation/attendance policies in their syllabi. This policy will be used to determine grades. Students who are not actively participating in class as defined in an instructor’s syllabus will be reported to the Administration during the week following the voluntary withdrawal date. Instructors will verify that students are in attendance during the first two weeks of class. Students classified as “No Show” for both of the first two weeks will be administratively withdrawn for any class which they are not in attendance. Their financial aid will be adjusted based on the updated enrollment status. Immediately following the 60% point of the term, each instructor will verify which students are actively participating in class as defined in the course syllabus. Students classified as not meeting the criteria for active class participation will be administratively withdrawn with a “WF.” Students will be able to withdraw themselves at any time during the term. However, requests submitted after the 60% deadline will result in a “WF.” Students and instructors will automatically receive an email notification through their SPC email address whenever a withdrawal occurs. Withdrawing after the “Last Day to Withdraw with a Grade of ‘W’” (see Academic Calendar below) can have serious consequences. If the student withdraws from a class after the deadline posted in the academic calendar, the student will receive a final grade of ‘WF,’ which has the same impact on the student’s GPA as a final grade of ‘F.’ A ‘WF’ grade also could impact the student’s financial aid and cause the student to repay some of their financial aid. If the student is thinking about withdrawing from a class now, the student should consult with an academic advisor or financial assistance counselor first to be sure they understand all the possible outcomes of this decision.

FEDERAL GUIDELINES RELATED TO FINANCIAL AID AND TOTAL WITHDRAWAL FROM THE COLLEGE

http://www.spcollege.edu/central/SSFA/HomePage/hdiabs.htmThe U.S. Department of Education requires students who completely withdraw prior to the 60% point of the term from all classes who have received Federal financial aid, i.e., Federal Pell Grant, Federal Academic Competitiveness Grant (ACG), Federal Stafford Loan, and/or Federal Supplemental Educational Opportunity Grant(SEOG) to repay a portion of their financial aid. The law requires the college to refund to the Department of Education the percentage of financial aid which is determined the student did not earn based on the Return of Title IV (R2T4) formula. The student may also be required to repay funds to the College if they are identified as not actively participating in all of their classes, or if they do not receive at least one final passing grade (D or higher) for the term. Should the student be considering totally withdrawing from all classes before the published withdrawal date, it is important that the student consult a financial assistance counselor on their home campus to understand their options and the consequences of total withdrawal. For further information regarding this policy and other financial assistance policies we encourage you to visit our website at: www.spcollege.edu/getfunds

DUAL ENROLLMENT, EARLY ADMISSIONS, & EARLY COLLEGE STUDENTS

A Dual Enrollment, Early Admissions, or Early College student may not withdraw from any college level course without consultation with the Early College/Dual Enrollment office. Withdrawal from a course may jeopardize the student’s graduation from high school. The Dual Enrollment office can be reached at 727 712-5281 (TS), 727 791-5970 (CL) or 727 394-6000 (SE). http://www.spcollege.edu/central/de/index.htm

ACADEMIC HONESTY
St. Petersburg College has an Academic Honesty policy. It is your responsibility to be familiar with the policies, rules, and the consequences of violations. There is no tolerance for cheating and academic dishonesty. Discipline can range from a zero on a specific assignment to expulsion from the class with a grade of F. Note that copy/pasting published information, whether it’s from your textbook or the Internet, without citing your source is plagiarism and violates this policy. Even if you change the words slightly the ideas are someone else’s so you still have to cite your sources. Cheating, plagiarism, bribery, misrepresentation, conspiracy, and fabrication are defined in Board Rule 6Hx23-4.461. Student Affairs: Academic Honesty Guidelines, Classroom Behavior. http://www.spcollege.edu/webcentral/catalog/current/stu_affairs_honesty.htm

All electronic devices such as cell phones, beepers, pagers, and related devices are to be silenced prior to entering the classroom, library, and laboratories to avoid disruption. Use of any device in these areas is a violation of College Policy and subject to disciplinary action. College computers are intended for academic work. Inappropriate use of computers during class time is prohibited. Students should understand that they may be required to use the Internet for some courses. Furthermore, students may be required to have discussions of class assignments and share papers and other class materials with instructors and classmates via chat rooms and other mechanisms. Therefore, Internet users may be able to access students’ work whether the access is secured or unsecured. The College cannot protect students from the type of materials on the Internet or the potential piracy of students’ materials. Each student’s behavior in the classroom or Web course is expected to contribute to a positive learning/teaching environment, respecting the rights of others and their opportunity to learn. No student has the right to interfere with the teaching/learning process, including the posting of inappropriate materials on chat room or Web page sites. The instructor has the authority to ask a disruptive student to leave the classroom, lab, or Web course and to file disciplinary charges if disruptive behavior continues

EMERGENCY PREPAREDNESS
In the event that a hurricane or other natural disaster causes significant damage to St. Petersburg College facilities, you may be provided the opportunity to complete your course work online. Following the event, please visit the college Web site for an announcement of the College’s plan to resume operations. Students should familiarize themselves with the emergency procedures and evacuation routes located in the buildings they use frequently. Located in each classroom is an Emergency Response Guide (flip-chart) that contains information for proper actions in response to emergencies. Students should be prepared to assess situations quickly and use good judgment in determining a course of action. Students should evacuate to assembly areas in an orderly manner when an alarm sounds or when directed to do so by college faculty or staff or emergency services personnel. Students may access additional emergency information by going to www.spcollege.edu/security. In face to face courses your instructor will review the specific campus plans for emergency events.

CAMPUS SAFETY AND SECURITY
For information on campus safety and security policies please contact 727 791-2560. SEXUAL PREDATOR INFORMATION
Federal and State law requires a person designated as a “sexual predator or offender” to register with the Florida Department of Law Enforcement (FDLE). The FDLE is then required to notify the local law enforcement agency where the registrant resides, attends, or is employed by an institution of higher learning. Information regarding sexual predators or offenders attending or employed by an institution of higher learning may be obtained from the local law enforcement agency with jurisdiction for the particular campus by calling the FDLE hotline (1-888-FL-PREDATOR) or (1-888-357-7332), or by visiting the FDLE website at http://offender.fdle.state.fl.us/offender/homepage.do

SPECIAL ACCOMMODATIONS
If you wish to request accommodations as a student with a documented disability, please make an appointment with the Learning Specialist on campus. If you will need assistance during an emergency classroom evacuation, please contact your campus learning specialist immediately about arrangements for your safety. Instructional Continuity Plan
Emergency Preparedness Procedures for Faculty

The College realizes that it is possible for a significant natural disaster to compromise SPC campus facilities sufficiently to disrupt the delivery of classes on campus(es) for an extended period of time, and is planning ways our operations can continue following such an emergency.

1. Faculty will be prepared by completing *MyCourses for Faculty Certification* prior to teaching in any delivery mode. This will ensure all faculty are able to use the learning management system for continuation of learning activities.

2. Online courses will continue as normal.

3. Blended courses will continue with faculty adding online instructional activities to substitute for in-class activities.

4. For courses taught in the classroom, if a Standard Course is available, a copy of the course will be made and all faculty who teach the course on-ground will be enrolled to allow them to pull instructional activities into their sections.

5. If a Standard Course is not available but a fully-online version of the course is currently taught, the dean will identify the course to serve as the temporary Standard, a copy of the course will be made and all faculty who teach the course on-ground will be enrolled to allow them to pull instructional activities into their sections.

6. Practical and internships will be suspended until partner organizations are open.

7. If a course is not appropriate for online delivery (clinical, art classes, studio music, etc.) an email will be sent to all students enrolled in the course via MyCourses stating:

   In the event that a hurricane or natural disaster causes closure of St. Petersburg College facilities, you may not be provided the opportunity to complete your work online due to the hands-on requirements of this course. Your faculty member will notify you if there are options for completing this course work at an alternate location.
