WELCOME

Thanks for signing up for this online course! I am delighted to be your instructor for this term. For those of you who have only taken face-to-face courses in the past, welcome to the world of online learning! I hope you will find this class intellectually challenging, informative, interactive, and fun. Therefore, getting to know one another can really enhance the online learning experience. Consider this online learning environment as your community; and, as fellow community members, you want to share your knowledge and enhance your own learning in an engaging, scholarly environment. I wish you the best in your academic endeavors!

Please note: By course completion, each student must submit proof of current CPR certification valid for two (2) years that covers cardiac and breathing emergencies in adults, including the use of AED, & infant/child CPR, from American Heart Association or American Red Cross.

INSTRUCTOR

Name: Brandy Ziesemer, RHIA, CCS
Email: Ziesemer.Brandy@spcollege.edu
Phone: COHS office (727) 341-4383
Office Hours: Off-Campus; Please email within MyCourses for an appointment.
Instructor Web Page: https://web.spcollege.edu/instructors/id/ziesemer.brandy

ACADEMIC DEPARTMENT

DEAN

Name: Deanna Stentiford, ED.s, RDH, CDA
Administrative Services Specialist: Sandy Malkin
Office Location: Allied Health Sciences, HEC, Room 179
Office Phone Number: 727-341-4150
Email: Stentiford.Deanna@spcollege.edu

COURSE INFORMATION

This course is designed for the organized presentation of current issues within the health care system. Emphasis focuses on diverse areas of health and is appropriate for persons directly or indirectly involved in the provision of health care or health education. Curriculum & Instruction
Course Goals and Objectives:

1. **The student will interpret safety, quality, and performance procedures by being able to:**
   a. Explain risk management procedures
   b. Describe benchmarking in medical practice
   c. Discuss total quality management strategies
   d. Compare total quality management and performance improvement

2. **The student will document compliance with accreditation standards of governmental and other relevant organizations, using technology based-incentive programs where applicable, by being able to:**
   a. Describe process for coordination of benefits
   b. Discuss how claims are managed from approval to payment for third party payers
   c. Develop a procedure for security of health information, including electronic data, that is compliant with the Health Insurance Portability and Accountability Act of 1996 (HIPAA)
   d. Identify federal and state regulations governing management of medical records
   e. Explain benefits of compliance with federal and private insurance incentive programs, e.g. Meaningful Use of EHR- All Stages and Shared Savings for Accountable Care Organizations

3. **The student will demonstrate leadership in administrative skills in management of health care facilities by being able to:**
   a. Revise an organizational chart to accommodate growth of a medical facility
   b. Identify common resources for long term and short term planning
   c. Develop a protocol for patient flow through the medical process
   d. Create a training module on exceptional customer service for patient encounters
   e. Explain the credentialing process for physician practice privileges

4. **The student will apply human resource management strategies by being able to:**
   a. Develop a recruitment plan
   b. Explain effective retention strategies for motivating employees
   c. Describe employment laws related to human resource management
   d. Evaluate policies related to job descriptions, safety, and emergency preparedness

5. **The student will present proof of current CPR certification valid for 2 years that covers cardiac and breathing emergencies in adults, including the use of AED, & infant/child CPR, from American Heart Association or American Red Cross by the end of this course.**

**Prerequisites:** None
Availability of Course Content: This is an online, eight (8) week course; this course is not self-paced. Module/weekly pages will generally open at least by Monday morning at 8 a.m. Please check the course snapshot for complete details on beginning and ending dates of modules/weeks. Due to its shortened timeframe, Module/week 8 may have different open and close dates. As such, all dates are posted in the course snapshot and are non-negotiable.

REQUIRED TEXTBOOK & OTHER RESOURCE INFORMATION

Required Textbook:
All required reading assignments are embedded in the course. The chapters used in this course are updated and in PDF format from the original text: Ziesemer, B. G. (2013). Medical office management and technology: An Applied Approach (1st ed.). Baltimore, MD: Lippincott, Williams & Wilkins.

Online Library: To logon to the Online Library through the SPC homepage, use your Student ID number and the last four (4) numbers of your Social Security Number. For library help, you may contact the Health Education Center library for assistance. The library staff can provide you with immediate assistance during the hours they are open.

LEARNER SUPPORT

Accessibility Services: St. Petersburg College recognizes the importance of equal access for all students. Accessibility Services is the campus office that works with students who have disabilities to provide and/or arrange reasonable accommodations. Instructors may not grant accommodations without proper notification from this Office. Due to the nature of all health programs, including the Veterinary Technology Program, accommodations requested for labs and/or a clinical will be determined by a committee that includes the HEC Accessibility Coordinator, Academic Chair, Dean, and other professionals deemed appropriate and on a case-by-case basis. These requests must be made prior to the semester starting or in the first few weeks. Students registered with Accessibility Services are encouraged to contact their instructors early in the semester. Students who have, or think they may have, a disability (e.g. learning disability, ADD/ADHD, psychiatric, medical/orthopedic, vision, and/or hearing), are invited to contact Accessibility Services for a confidential discussion at 727-341-3721 (V/TTY) or at silvers.stefanie@spcollege.edu. Additional information is available at the college-wide Accessibility Services website.
View the Accessibility Services site

**New Initiative Program (NIP)/Learning Support Center:** The NIP center offers free, hour-long individual tutoring sessions to answer any questions you have on class material. They can help you with any courses you are taking as part of your health program. For more information, please call 727-341-3724.

View the NIP/Learning Support Center site

**Smarthinking:** SPC students can get online tutoring through Smarthinking, 24 hours a day, 7 days a week. Sign into MyCourses and enter into one of your classes. At the bottom of the page, there will be a box for SPC Resources and a link to Smarthinking will be listed.

**Computer Assistance:** If you experience problems accessing the course online, accessing materials, posting assignments or any other hardware or software issues, please contact the “HELPDESK” at 727-341-4357 or email onlinehelp@spcollege.edu. The HELPDESK is staffed daily from 7:00 AM to midnight.

**Computer Requirements:** Please visit [http://web.spcollege.edu/helpdesk/starthere.php](http://web.spcollege.edu/helpdesk/starthere.php).

**Computer Issues:** Personal computer issues can happen from time to time. It is your responsibility to contact your instructor should a problem arise. Additionally, any computer issues will not extend the due date for assignments, discussions, or quizzes. All due dates are listed in the course snapshot.

**IMPORTANT DATES**

**Course Dates:** October 8, 2018 – November 28, 2018
**Drop Date:** October 12, 2018
**Withdrawal Date:** November 9, 2018
**Financial Aid Dates:** View the [Financial Aid Dates](#) site
DISCIPLINE-SPECIFIC INFORMATION

All submissions should conform to the Style Guide that is based on APA, which is provided in every Health Sciences core course via MyCourses. Please refer to it before submitting every assignment in order to follow the correct APA format.

In this course, and the AS-Health Sciences program, we expect students to demonstrate the ability to integrate critical thought with a synthesis of the required readings for the weekly assignments. **Use your own words** to communicate facts as well as your knowledge, thoughts, reactions, and reflections. **Do not cut and paste quoted material into an assignment** even with proper citation.

Students are expected to demonstrate appropriate paraphrasing, in-text citations, and references. Use of quoted material, or work that has not been properly paraphrased, cited, or referenced, will result in point loss.

**Course Time Commitment**: This College of Health Sciences online course is organized into eight (8) weekly modules and requires your active participation. Expect to spend about 6-8 hours of time per week for each course.

**Holidays**: All due dates are posted in the course snapshot. Please plan ahead for all religious and personal holidays, so that your work is not considered late.

**Assignments/Discussion Postings**: Each week you will be required to complete assignments and/or discussion postings. The assignments may consist of chapter questions, weekly case reviews, knowledge assessments (quizzes), reaction papers, weekly summaries, PowerPoint presentations, worksheets, and other written assignments as assigned. All weekly assignments are due on Sunday by 11:59 PM (Eastern Time) or as stated in the course snapshot. All first original discussion postings are due on Thursday night by 11:59 PM (Eastern Time). All discussion replies are due on Sunday by 11:59 PM (Eastern Time). Due to the pace of this course and the eight (8) week format, it is easy to get behind. **I strongly urge you to communicate with me in the event of an emergency or unexpected situation.** All assignments must be submitted to the dropbox as an attachment.

**Late Policy for All Students in This Course – Please Read Carefully**

A. Late Assignments (Examples: Papers, PowerPoints, Projects, Worksheets, etc.):
   - If you experience extenuating circumstances, contact the instructor **prior** to the due date and/or submission deadline.
   - Assignments submitted within 24 hours of the due date – worth 80% of their graded value (grade achieved, minus 20%).
   - Failure to submit any assignment within 24 hours of the due date will result in a zero for the assignment. All due dates are listed in the Course Snapshot. No assignments will be accepted 24 hours beyond the due date.
• Assignments and Discussions from Module 7 and Module 8 will not be accepted past their stated due dates in the Course Snapshot.

B. Late policy for Quizzes and Discussion Forums:
• Quizzes may not be made up; the due date is in the Course Snapshot.
• Discussion posts made after the 11:59 PM Sunday deadline for any module will not receive credit and cannot be made up.

Resubmission of Work: All work that is submitted for grading in a College of Health Sciences (COHS) course must be original to that course attempt. When a student attempts a COHS course for a second or third time no previously submitted assignments, discussion forums, or quizzes may be submitted for grading. If work is resubmitted in a subsequent attempt at a course, this is considered self-plagiarism and is as serious as other forms of plagiarism. Please make sure to carefully read the assignment or discussion forum directions, and complete a new original assignment. This includes references and citations; new source material must also be used. All forms of plagiarism will be reported to the Dean’s Office.

ATTENDANCE

For this class, active participation/attendance is defined as logging into the course throughout the week, participating in online discussion forums and completing and submitting required assignments, quizzes and posting forums by the posted due dates each week of the course. Thus, simply logging in does not constitute attendance.

Week 1 Attendance Due: One week from course start date.
Week 2 Attendance Due: Two weeks from course start date.
60% Attendance Due: About a week after the last day to withdraw (with a grade of “W”) date.

Please see the link to the college-wide attendance policy for additional details:

</tbody>
</table>
### November 5, 2018 – November 11, 2018

4. **Module 5 Assignment**: (1) Prepare select parts of a physician credentialing application packet with a focus on why each required document (attachments to the application form) is important. (See #2 under “Using Critical Thinking…” at the end of the chapter just before the glossary (20pts)(obj#3.e)

5. In preparation for a team assignment in Module 6, it is important to read the instructions (posted this week and re-posted in Module 6) and post to your group discussion board: “**I have read the instructions, know which assignment my group has been assigned, and know how to access our group tools.**” Then, if you have any questions about the part of the scenario your group has been assigned, it is important to ask your instructor before the end of this module. Any student who has not posted by the end of this module will have points deducted from the team project.

### Module 6

**Management of Revenue Cycle and Managing Quality and Performance Improvement**

November 12, 2018 – November 18, 2018

<table>
<thead>
<tr>
<th>Discussion (15 pts) Assignment 1 (20 pts)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Read Chapters 6 &amp; 7 (pdfs) and all “MyCourses” materials</td>

<tr>
<td>2. Respond to one other student’s post from Module 5, Discussion #4 (Implementing Changes) (15 pts)</td>
</tr>
<tr>
<td>3. Discussion Forum#5: Post regarding managing revenue cycle-strategies under current quality payment program models. (obj#2)</td>
</tr>
<tr>
<td>4. <strong>Module 6 TEAM Assignment</strong>: (1). Given an overview of TQM (including risk assessment, utilization management and performance assessment/improvement) and a case study, each team will develop a plan the manager would use to solve a problem or improve a process and submit the group plan by the end of this module (20 pts)(obj#1a-d)</td>
</tr>
</tbody>
</table>

### Module 7

**Managing Compliance and Participation in Technology-based Incentive Programs**

November 19, 2018 – November 25, 2018

<table>
<thead>
<tr>
<th>Assignment 1 (20 pts)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Read Chapter 9; All “MyCourses” content for Mod. 7</td>
</tr>
<tr>
<td>2. Discussion Forums: Respond to one other post from Module 6, Discussion #5 (managing revenue cycle-strategies under current quality payment program models) (15 pts)</td>
</tr>
<tr>
<td>4. Assignment: (1) Note CMS has changed its EHR incentive programs from Meaningful Use (of certified EHRs) to Promoting Interoperability. (2) Also note that the HIPAA Security Rule is part of all CMS technology-based incentive programs. Develop a procedure you would implement in your practice to comply with one aspect of the HIPAA Security Rule and explain why you believe security is an integral</td>
</tr>
</tbody>
</table>
part of the “promoting interoperability” goals. (20 pts)(obj#2c&2e)

| Module 8 | Final Exam (50 pts) | All “MyCourses” content for Modules 1-7
| --- | --- | ---
| Review of Course and Final Exam | | 1. Optional: Discussion on preparing for the final exam and whether the course changed your perceptions of health services management in medical offices
| | | 2. Final Cumulative Exam (50 questions); DUE BY: by 11:59pm Wednesday (50 pts)
| November 26, 2018- November 28, 2018 | | |

POINTS 300 Total Possible

STUDENTS’ EXPECTATIONS AND INSTRUCTOR’S EXPECTATIONS

REQUIRED INTERACTION

Just as in the traditional classroom setting, attending class in an online environment is important for attaining success in completing the assignments for this course. I know that we are all busy with jobs, family, other commitments, but you will find it easier to manage your class time and expectations if you schedule specific days and time frames to access the class. It is COHS policy that main posts must be posted no later than Thursday of any given week. It takes self-discipline to enroll in online classes since, if you don’t access the class, no one is going to "come after you" to determine what has happened. Participation in the class does not mean that you spend 15-20 minutes at 11:00pm on a Sunday night posting a lot of material so you get your number of "posts" up. Participation means you have entered the class on a rather regular basis, have reviewed what has been posted, and have taken the time to provide carefully crafted responses to what your fellow classmates have stated. My suggestion is that your initial post could be in the middle of the week (Wednesday or earlier), and your response post could be on the weekend, other than late Sunday.
It is expected that all required questions, assignments and activities within the course will be completed by the specified deadlines. I will post grades to all activities within 72 hours of their due date. The only exceptions to this will be late assignments and assignments submitted before the due date for the assignment.

PARTICIPATION, CONDUCT, & NETIQUETTE

Faculty and students are responsible for maintaining a positive learning environment. This is facilitated by respecting self and others. As a future health care professional, it is your responsibility to conduct yourself in a professional manner. Individuals that demonstrate professionalism are consistent in their values, attitudes, and behaviors. Unprofessional behavior will not be tolerated in this or any COHS course. This includes but is not limited to:

- Using offensive or aggressive language
- Not maintaining confidentiality of all discussions regarding individuals, their families and workplace affiliates
- Breaching academic integrity (cheating, plagiarism, etc.)
- Not supporting statements with credible research sources that are referenced in accordance with the program APA-based Style Guide.

Online Student Participation and Conduct Guidelines: www.spcollege.edu/addendum/#onlineguide

Netiquette: The best way to contact me is via The Learning Management System email within this course. If The Learning Management System is unavailable, please contact me using your @live.spcollege.edu at the address above. You may expect a response from me within 24-48 hours. Your Live@edu student email is the college’s official way to communicate with the college outside of your The Learning Management System courses. It is important that you use your SPC student email account for any electronic correspondence with SPC, as your personal email may get sent to spam and/or be deleted. You will periodically be receiving important updates, notices, or official communication from SPC that will only be sent to your school account, thus be sure to regularly check your Live@edu email.

Please note: All materials provided via The Learning Management System are copyrighted, unless explicitly indicated otherwise. As such, The Learning Management System materials are for personal, educational use only during the course of this semester and may not be reproduced or distributed.

ACADEMIC HONESTY

COPYRIGHT
STUDENT SURVEY OF INSTRUCTION

The Student Survey of Instruction is administered in courses each semester. It is designed to improve the quality of instruction at St. Petersburg College. All student responses are confidential and anonymous and will be used solely for the purpose of performance improvement.

INSTRUCTIONAL CONTINUITY PLAN - EMERGENCY PREPAREDNESS POLICY

The St. Petersburg College website at www.spcollege.edu is the official source of college information regarding the status of the institution. Other important information will be communicated via SPC Alert, local media outlets, and the college toll-free phone number 866-822-3978. All decisions concerning the discontinuation of college functions, cancellation of classes, or cessation of operations rest with the President or his/her designee. The College realizes that it is possible for a significant natural disaster to compromise SPC campus facilities sufficiently to disrupt the delivery of classes on campus/campuses for an extended period of time, and is planning ways our operations can continue following such an emergency.

So, in the event that a hurricane or other natural disaster causes significant damage to St. Petersburg College facilities, you may be provided the opportunity to complete your course work online. Following the event, please visit the college website for an announcement of the College's plan to resume operations.

Further, in the event of such a disaster, the instructor will continue using the Learning Management System (LMS) of MyCourses for continuation of all required learning and instructional activities in this course, including the issuing of graded online assignments and expectation of student completion of those graded assignments.

Therefore, in order to keep up with all activities in this course during and after a natural disaster, please plan to continue this course by maintaining online access to MyCourses in lieu of meeting in a classroom—possibly through duration of the course's regularly scheduled end date. We will finish this course in MyCourses, as directed by your instructor online, and your instructor will use all graded assignments—both online and formerly on-campus—to assess and
issue your final letter grade for this course, as normally planned, despite occurrence of the natural disaster.

SIGNATURE PAGE

Students are responsible for all information in the course syllabus. Please print this syllabus and the program Style Guide for your ease of reference. The syllabus will be available during all modules and is referenced in the Syllabus Tab/Module on the course homepage.

I have read, understand, and agree to abide fully by the parameters set in this Syllabus and Syllabus Addendum.
