DISCIPLINE-SPECIFIC INFORMATION

Accounting, in general is a challenging subject that requires a lot of patience, perseverance, practice and study to learn. This is an intensive course. It is recommended to dedicate a minimum of 12-15 hours per week (in an 8-week session) and 6-7.5 hours per week (in a 16-week session) to its study. Online and blended classes give the student a lot of flexibility in regards to study time but it is imperative to be organized and set a consistent time per week to master the learning objectives and complete the assessments of this course.

The learning process can be very demanding, but at the same time, it will be very rewarding. The world of accounting is fascinating and will help you develop a new set of skills that will open the doors to a whole new world of opportunities.

ATTENDANCE

The college-wide attendance policy is included in the Syllabus Addendum at: <https://www.spcollege.edu/current-students/student-affairs/student-right-to-know/student-responsibilities>

Students classified as “No Show” for the first week may be administratively withdrawn from the class.

A “No Show” means not completing the Acceptance of Syllabus/Course Expectations Quiz and not registering for MyAccountingLab for week one.

Students who have not completed more than 40% of their assignments due (discussion forum, dynamic study module, homework & chapter exams) at the 60% point will be considered as “not actively participating” in the class and may be administratively withdrawn.

Policy: Attendance/Participation/Withdrawal

Withdrawing from a course with a “W” or “WF” may impact students’ academic standing and financial aid eligibility including placing the student in early repayment. It is the student’s responsibility to understand the consequences of withdrawing

Attendance

College policy requires students to attend class prior to the published drop deadline for the session in which the class is scheduled. The instructor is required to report non-attendance and the student will be dropped with a “W” grade penalty by the second week of classes.

It is the student’s responsibility to know the attendance policy of the class in which they are enrolled.

- • Depending on the modality of the course, attendance may be online, LIVE Online, blended, or on-campus.
- • For LIVE Online classes, attendance will be taken online during the normal class meeting time/days.
- • Students who are feeling ill for any reason should communicate in a timely manner with their instructor regarding attending online instead of on-campus, and/or the responsibility of excused absences. Students are also responsible to discuss completing any missed work with the instructor

Participation

College policy require the instructor to report any student who is not actively participating at the 60% point of a class. The instructor will report the student by the end of the week immediately following the 60% point of the class and the student will be withdrawn from the course and assigned a “W” grade. It is the student’s responsibility to understand the instructor’s requirements for ‘active participation.’

Student Withdrawals

Students will be able to withdraw themselves at any time during the term. However, requests submitted after the last date to withdraw with a "W" (see academic calendar) will result in a "WF". Students and instructors will automatically receive an email notification through their SPC email address whenever a withdrawal occurs. Students should consult with an academic advisor or financial assistance counselor prior to withdrawing from a class.

Students who wish to withdraw completely from SPC are not able to totally withdraw from all classes through MySPC. A student must contact an Academic Advisor to totally withdraw.

GRADING

Grades will be earned in five parts, as follows:

"Real-World" Discussion Forum (class participation) ----	10%
Dynamic Study Modules (unlimited time, attempts) -----	15%
Homework (5 attempts*, unlimited time) -----	20%
Chapter Exams (1 attempt, time limit) -----	30%
Comprehensive Problem (5 attempts*, unlimited time) -	10%
Cumulative Final Exam (1 attempt, time limit) -----	15%
Total percentage -----	100.00%

Letter Grade	Percentage
A	90-100%
B	80-89%
C	70-79%
D	60-69%
F	Less than 60%

*1 attempt of each question, 5 attempts of "check answer" for each part

ASSIGNMENTS

It will be the students' responsibility to complete their assignments on time and in an acceptable manner. **If you have an extenuating circumstance please e-mail your instructor with your plan to get back on schedule.**

Assignments that are not completed by the due date will receive a placeholder zero (0). Please click on the "past due" link and "how to improve my grade" to access and complete without penalty past due assignments. In consideration of personal contingencies, the instructor will drop the student's two lowest score on dynamic study modules, homework and chapter exams. With this rule, the student will not be penalized for missing two DMS, homework or chapter exams.

Please pay attention to the instructions for every assignment such as due date, time allowed (if that is the case), maximum attempts, etc. The instructions will be displayed in MyAccountingLab.

The due date for assignments will be posted by the instructor in MyAccountingLab and MyCourses.

INSTRUCTIONAL CONTINUITY PLAN - EMERGENCY PREPAREDNESS POLICY

The St. Petersburg College website at www.spcollege.edu is the official source of college information regarding the status of the institution. Other important information will be communicated via SPC Alert, local media outlets, and the college toll-free phone number 866-822-3978. All decisions concerning the discontinuation of college functions, cancellation of classes, or cessation of operations rest with the President or his/her designee. The College realizes that it is possible for a significant natural disaster to compromise SPC campus facilities sufficiently to disrupt the delivery of classes on campus/campuses for an extended period of time, and is planning ways our operations can continue following such an emergency.

So, in the event that a hurricane or other natural disaster causes significant damage to St. Petersburg College facilities, you may be provided the opportunity to complete your course work online. Following the event, please visit the college website for an announcement of the College's plan to resume operations.

Further, in the event of such a disaster, the instructor will continue using the Learning Management System (LMS) of MyCourses for continuation of all required learning and instructional activities in this course, including the issuing of graded online assignments and expectation of student completion of those graded assignments.

Therefore, in order to keep up with all activities in this course during and after a natural disaster, please plan to continue this course by maintaining online access to MyCourses in lieu of meeting in a classroom—possibly through duration of the course's regularly scheduled end date. We will finish this course in MyCourses, as directed by your instructor online, and your instructor will use all graded assignments—both online and formerly on-campus—to assess and issue your final letter grade for this course, as normally planned, despite occurrence of the natural disaster.

Accessibility Statement:

This course is designed to be welcoming to, accessible to, and usable by everyone, including students who are English-language learners, have a variety of learning styles, have disabilities, or are new to online learning. Be sure to let your professor know immediately if you encounter a required element or resource in the course that is not accessible to you. Also, let the professor know of changes they might be able to pursue to make improvement to the course for future students.

St. Petersburg College recognizes the importance of equal access to learning opportunities for all students. Accessibility Services (AS) is the campus office that works with students who have disabilities to provide and/or arrange reasonable accommodations. Students registered with AS, who are requesting accommodations, should contact their instructor by the start of the course. Students who have, or think they may have, a disability (e.g. learning disability, ADD/ADHD, psychiatric, medical/orthopedic, vision, and/or hearing), are invited to contact the Accessibility Coordinator (AC) that serves your campus for a confidential discussion.
