

Good afternoon:

St. Petersburg College is looking to develop a student registration workflow and tracking solution for the SPC Industry Certification Testing Center. Please find attached two RFQs for this project. These are for two approaches for the same project; only one solution will be implemented. We ask that vendors first provide a response to the SharePoint RFQ, and, if desired, also provide a response to the alternate solution RFQ.

There will be a conference call with potential vendors this Thursday, February 11th, at 10 am. If you wish to take part in this call, please email me back by tomorrow at 5 pm. We will transcribe the questions and answers and send them out to this list by Thursday close of business as Amendment 1. You may also submit questions to me by Friday at 2 pm, and we will publish Amendment 2 with answers on Wednesday, February 17th. Quotes are due on Monday, February 22, 2016 by 2 pm as stated in the RFQ.

We appreciate your time in reviewing this RFQ and hope to talk with you on Thursday.

Sincerely,

Lisa
